❻ **Title sheet -** To access the title sheet, press on the title sheet access bar ▤.

❼ **Title sheet tray**

❽ **Disc numbering pen -** Use the enclosed pen to number each disc so the storage slots and the title sheet match. Now you can easily return each disc to it's number slot.

Selector 120HD Instructions

A. **Access your title sheet.** Press on the title sheet access bar ▤ and the title sheet tray will automatically appear so that you may view your title sheet and make your selection.

B. **Catalog your discs.** Choose one of these methods:

   1) Use your Discware Lite CD-ROM to catalog, organize and print title sheets (see Discware Lite installation instructions).

   2) Visit **www.discgear.com** to access **Discware™ Online,** our online service for cataloging and organizing your discs, and printing title sheets.

   3) Remove title sheet from the plastic sleeves located in the title sheet tray. Write your CD titles directly on the title sheet.

C. **Number your discs.** Use the enclosed disc numbering pen to reference your disc's slot number. Use an alpha-numeric system so that you can organize multiple Selectors (Ex. A1, B1, C1...) *We recommend that you only write on the clear center ring on the front of the disc.*

D. **Fill your Selector.** As you number each disc, place it in the corresponding storage slot number.

E. **Select your discs.** Slide the selector button to the appropriate numbered slot. Then press the disc selector bar ▲ and your Selector automatically opens presenting your selected disc.

F. **Replace your discs.** Refer to the number on your disc, find the appropriate "self-aligning slot" and simply roll it into place.
